Hi Kelly,

Attached please find the following materials we discussed this afternoon:

- June 27, 2016 preliminary version of EPA's Phase III WIP expectations document
- Current Local Planning Goal Task Force recommendations (under Question 1, note that the WQGIT recently decided that local planning goals will be developed as part of the Phase III WIPs. Therefore, the Task Force will need to revise its preliminary recommendations to reflect this WQGIT decision).
- PA plans for Phase III WIP engagement (CBPO Plan doc; GANTT Chart CBPO Strategic plan.xlsx; Gantt Chart Bay Plan.xlsx)
- Rich's pie charts (CBP Bay TMDL Midpoint Assessment Policy Challenges CAC mtg ppt pres)
